## **Climate Change: The Point of No Return (Sustainability Project) Mojib Latif**

There is no doubt: climate change is happening, and mankind is increasingly to blame. *Climate Change: The Point of No Return* provides a solid basis for the current discussion about climate change, by addressing the arguments from both sides of the debate and offering an objective evaluation of the facts. Using the latest scientific information about the causes of the global climate change, Professor Latif presents the likely scenario that will face us if we don't dedicate ourselves to a course of sustainable development, and offers concrete options for action.
