Problemas actuales de derechos humanos (Spanish Edition) Sebastián Rey

Los tratados internacionales de derechos humanos son instrumentos vivos, cuya interpretación tiene que acompañar la evolución de los tiempos y las condiciones de vida actuales. En la presente obra, jóvenes docentes de derechos humanos de la Facultad de Derecho de la Universidad de Buenos Aires abordan el análisis de cuestiones críticas de la realidad actual a la luz de los estándares internacionales de derechos humanos. Así, el matrimonio igualitario, las políticas afirmativas y los derechos políticos de las mujeres, el derecho humano a la alimentación adecuada, el derecho a la libertad sindical y la tutela de los derechos colectivos, las garantías procesales en los procesos de expulsión de personas migrantes, la regulación de la protesta social, la Ley de Servicios de Comunicación Audiovisual y el derecho a la libertad de expresión, la indemnización por error judicial y las relaciones entre el derecho internacional humanitario y el derecho internacional de los derechos humanos son puestos bajo el prisma de los derechos humanos con singular agudeza y espíritu crítico.
