The Antislavery Appeal: American Abolitionism after 1830

Professor Ronald G. Walters

The Antislavery Appeal: American Abolitionism after 1830 Professor Ronald G. Walters

"A fresh and provocative contribution . . . the clearest, most penetrating, and best-informed study of the post-1830 antislavery movement that exists." ?Richard Bardolph, *North Carolina Historical Review*

"In this small but elegant book, Professor Walters approaches the interpretation of antislavery from a fresh vantage point . . . he asks new questions of old sources and comes up with novel and convincing interpretations . . . [He] has allowed us to see antislavery as an organic outgrowth of American values and institutions." ?Gerda Lerner, *New York Historical Society Quarterly*

"Penetrating insights are sprinkled generously throughout, and monographic studies of abolitionism should take a new turn, now that Walters has shown how to perceive it in terms of symbols, perception, culture in general." ?Aileen S. Kraditor, *Journal of Southern History*

"A masterful picture of the milieu in which [antislavery] operated." ?Robert V. Sparks, *New England Quarterly*

"[A] wide-ranging, scintillatingly written analysis of abolitionist thought, perception, and feeling. Like all highly original, interdisciplinary ventures in scholarship, *The Antislavery Appeal* is bound to provoke controversy even as it stimulates thinking in many new directions . . . All [scholars] will thank him for enlivening and enriching the study of pre-Civil War reform." ?James brewer Stewart, *Wisconsin Magazine of History*
