Cooking to Hook Up: The Bachelor's Date-Night Cookbook is really two books--a relationship guide and a cookbook--presented together in a hysterically funny, yet sophisticated voice. The authors carefully instruct their male readers to determine the type of girl his date is. They offer ten distinct types and clear profiles of each type. The book offers five complete menus per girl, as well as numerous other tips on how to get the girl. This is real information and these are real recipes.
