"The first of two volumes, this study explores the two common grace covenants: the Adamic and Noahic. The second volume will examine the special grace covenants: the Abrahamic, Mosaic, Davidic, and New covenants. The volumes present covenant as an expression of the nature of God, and show a paradigm of activity by which God works in covenantal relations first to create the world and then, through a redemptive program after the fall, to redeem what was lost.
