Although Christianity is still a major religious force, there are growing numbers of people in other faiths, including the various Pagan traditions. Some Christians have responded to this trend with fear and derision, while some Pagans have reacted to that fear with anger and mistrust.

Much of the problem is due to misunderstandings and lack of communication. This can change with Gus diZerega's *Pagans & Christians*. Here you will find a penetrating and illuminating comparison, showing that neither path has the single correct approach to the Divine. Rather, either or both can be authentic and legitimate expressions of the appreciation of the Ultimate Source of All.

*Pagans & Christians* is an ideal way to help bridge what at time seems a wide chasm between Christian and Pagan beliefs. By sharing core ideas of both paths, this book provides a way to give deeper mutual understanding and unity among the religions of the world.

Although *Pagans & Christians* accepts both paths as valid, the book provides a more in-depth explanation of Paganism ó the minority religion because in some ways, Paganism demands a greater defense and explanation of its beliefs and ideas to dispel misunderstandings. The author is a Third Degree Gardenerian Elder and in *Pagans & Christians* has presented nothing less than a brilliant defense of Paganism, clearly showing how it should stand beside all of the major religions of the world as an equal. As part of this defense, diZerega gives a listing of biblical contradictions and Christian philosophical difficulties which can help any Pagan responding to a negative attack, and will help any Christian to view his or her religion as a way, not the way.

Winner of the 2001 Coalition of Visionary Resources (COVR) Award for Best Non-fiction Book
