Rich in content and replete with warnings concerning the last days, this epistle of only twenty-five verses has often been neglected by students of God's Word. *Jude: The Acts of the Apostates* is a scholarly, practical exposition of this short but important New Testament book.

The early development of a logical structural outline brings out Jude's inherent organization and progression of thought. Frequent reference is made to other outstanding commentaries, and difficult passages are clearly discussed. *Jude: The Acts of the Apostates* is a versatile commentary worthy of study by either the well-trained pastor or the inquiring layman.
