The digital world offers a wonderful way to communicate and socialize with others. Yet, it is also rife with the dangers of being victimized emotionally, physically, and financially.

Trusting individuals with autism spectrum disorders, who are oftentimes socially isolated, are especially vulnerable to online predators. Finally, we have a resource to help prepare them for the minefields they may encounter on the Internet.

In this much-needed book, Dr Baker presents three main areas of concern for our kids:

- Cyber bullying
- Online sexual predators
- Internet scams

Through Dr Baker's invaluable advice, kids will learn what to look out for, whom to avoid, and how to protect themselves when they're communicating online.
