## **Speak the Culture: Poland** Andrew Whittaker

The fifth book in Thorogood's groundbreaking series of cultural guides takes Poland as its subject. Written in collaboration with the Adam Mickiewicz Institute, *Speak the Culture: Poland* provides a fast track to understanding the key events, figures and customs of this richly creative country in the heart of Europe.

The book begins with an overview of the country's cultural foundations – the history, language and identity – before moving on to Poland's artistic achievements, from the Renaissance poetry of Mikolaj Rej to the films of Roman Polanski. The key figures of art, architecture, literature, philosophy, music, theatre and cinema are revealed succinctly and colorfully. The final section of *Speak the Culture: Poland* covers the country's living culture – its religion, social mores, education, economy and more.

Only by grasping the culture of Poland will readers develop a fully rounded knowledge of this historic but little understood nation.
