...And The Angel With Television Eyes John Shirley

"...And the Angel with Television Eyes" explores the region where fantasy meets reality. This surreal journey of self-discovery and transformation at once questions the nature of our world, and redefines it in the context of 21st century pop culture and technology. It takes a writer of John Shirley's talent and audacity to bring together elements as disparate as Shakespeare, Nietzsche, on-line role playing games, soap operas, and classic mythology - binding them together, creating a heady mélange on, above, and below the streets of Manhattan.
