Family Conflict: Managing the Unexpected (PKOS - Polity Key Themes in Family Communication series)

Heather Canary, Daniel Canary

Family Conflict: Managing the Unexpected (PKOS - Polity Key Themes in Family Communication series) Heather Canary, Daniel Canary

Family Conflict takes a life course approach as it provides an accessible discussion of family conflict issues, processes, and outcomes. Chapters draw on recent theory and research regarding sub-systems and stages in family life to give readers resource-rich overviews of conflict in contemporary families. After the initial chapter presents the landscape of family conflict theory and research, chapters focus on conflict in couple relationships, parent-child relationships, sibling relationships, and in stepfamilies. The book concludes with a discussion of how specific work, health, and disability challenges facing today's families influence, and are influenced by, conflict interactions.

Family Conflict will be essential reading for students of family communication, family researchers, professionals who work with families in various stages of life, and anyone who desires a deeper understanding of their own family conflict processes.
