Making Theses and Dissertations Available Electronically (Chandos Information Professional Series)

Susan Copeland, Gail McMillan

This book provides librarians with a practical guide for making theses and dissertations available in electronic formats, and provides academic staff and students with an overview of recent developments in this area. It covers specific issues, like the reasons to make this form of research output accessible on the Web, how to persuade managers of its importance, practical advice for including Electronic Theses and Dissertations (ETDs) in institutional repositories and the training that should be provided to students who are being encouraged to express their research results in multimedia formats.
