## **Natural Law: The Foundation of an Orderly Economic System (Studies in Ethics and Economics)**

Alberto M. Piedra

Author Alberto M. Piedra lucidly illustrates the notion of 'natural law' through the examination of economic, social, political, and cultural issues. In this work Piedra draws on classical and Christian sources as well as his personal experience as an economist, diplomat, and lecturer on world politics to address philosophical views in a constructive and morally guided exegesis of natural law and economics. This innovative book shows the value of appeals to a governing, natural law and attendant principles such as the common good, subsidiarity, hierarchy, spiritual welfare, the reciprocity of freedom and authority, and the cultivation of personal moral and intellectual virtue. Natural Law will appeal to scholars, professionals, and others interested in the cultivation of personal moral and intellectual virtue.
