Alessandro Baricco

The Barbarians: An Essay on the Mutation of Culture Alessandro Baricco

From one of Italy's most respected literary voices, a manifesto on the state of global culture and how connectivity is changing the way we experience it. For the gatekeepers of traditional high culture, the rise of young ambitious outsiders has indeed seemed like nothing short of a barbarian invasion. In this concise and powerful manifesto, Alessandro Baricco explores a handful of realms that have been "plundered"-wine, soccer, music, and books-and extrapolates that it is not a case of old values against new but a widespread mutation that we are all part of, leading toward a different way of having experiences and creating meaning.
