The Messianic Feast: Moving Beyond The Ritual T. Alex Tennent

Winner of a gold medal in the prestigious 2014 Independent Publisher (IPPY) awards, *The Messianic Feast* represents a sea change in biblical understanding. First, this work uncovers the true history of the Jewish disconnect that occurred in Rome. These early Messianic Jews understood that the Messiah was crucified on the 14th day and therefore knew that the Last Supper was not the Passover, contrary to prevailing beliefs today.

Second, in proving that the Last Supper was not the Passover, the author does what has not been done before--showing what the scriptures truly mean in their original Greek language, specifically those that portray that the Last Supper was the Passover. This is only the beginning, however, for it also reveals that neither the Messiah nor his early Jewish followers ever taught the Communion ritual kept by most churches today. By reconnecting the Messiah's Last Supper parables to the long Jewish history of a coming Messianic banquet amazing new truths emerge.
