Orishatukeh Faduma Moses N. Moore

Moore provides new insights into the complex and crucial role which the Protestant liberal theology of the evangelical missionary enterprise played in the evolution of Pan-Africanism. He also challenges the traditional interpretations that depict Africans and African-Americans as passive recipients of Western theology and missiology. Moore begins with an overview of the recent literature and introduces the missiological roots of evangelical Pan-Africanism. He then examines the synthesis of theological liberalism and Pan-Africanism as reflected in the writings and activities of Orishatukeh Faduma, who attempted to adapt theological liberalism and its missiological and educational tenets to the Pan-African cause. With bibliography.
