Rational Phytotherapy: A Reference Guide for Physicians and Pharmacists Volker Schulz, Rudolf Hänsel, Mark Blumenthal, V. E. Tyler

All practitioners and pharmacists interested in treatment with herbal remedies should have this book at their disposal. It is the definitive practice-oriented introduction - now in its fifth edition - to phytotherapy. Methodically classified by organic systems and fields of application, the text provides a quick insight into dosage, form of application and effects of the most important herbal remedies. Only those herbal remedies that are of pharmacological and clinical efficiency have been considered. The authors are highly experienced in the field of postgraduate medical education, and, with this work, present an indispensable reference book for the medical practice.
