Sex, Freedom, and Power in Imperial Germany, 1880-1914

Edward Ross Dickinson

Sex, Freedom, and Power in Imperial Germany, 1880-1914 Edward Ross Dickinson

This is a study of the intense, complex, and escalating debate over sexuality and sexual morality that roiled politics in Germany between 1880 and 1914. That debate was grounded in the rapid evolution and growing complexity of German society - the multiplication of cultural groupings, professional associations, and social movements; the emergence of new social groups, social milieus, and professions; the rapid development of the media and commercial entertainments; and so on. All parties involved understood it to be a debate over the most fundamental question of modern political life: how to secure both national power and individual freedom in the context of rapid social and cultural change.
