Space Race (Leporello)

Space Race (Leporello)

Part of Nobrow's best-selling Leporello series, *Space Race* chronicles the history of humanity's exploration of outer space during the Cold War.

Leading us through one of the defining chapters of the twentieth century, Tom Clohosi Cole breathlessly illustrates the momentous events that saw opposing superpowers look to the stars in their ideological tightrope battle for supremacy.

Not only an astonishing work of art in its own right, the book comes with a fact sheet detailing important breakthroughs between 1957 and 1975. *Space Race* is the perfect title for adults and children alike to recall one of humanity's most exciting periods.
