Cleveland's Flats (Images of America) Matthew Lee Grabski

Cleveland is home to many fascinating neighborhoods and districts. Perhaps the most intriguing, however, is an area known as the Flats. Typically, the term "Flats" refers to the northern portion of the Cuyahoga River Valley. The Cuyahoga River ceases to be the idyllic flow of water seen to the south of Cleveland as it approaches the city's steel mills. The river is more man-made than natural where it meets the Flats, and a wide array of industries sit along its banks. The Flats have been a vital component and a reflection of Cleveland's rise, decline, and ongoing renaissance. Cleveland's Flats is a chronicle of this remarkable region. From the refineries of Standard Oil to massive ore boats carefully navigating the Cuyahoga, Cleveland's Flats treats the reader to scenes found in no other place.
