**Love That Works: Art & Science Of Giving** Bruce Brander

This original, highly readable book poses a clear distinction between our customary form of love, which almost guarantees failure, and higher, more generous ways of loving that can succeed and enrich both individuals and society as a whole. *Love That Works* draws on history, psychology, and the theology and science of love to offer a proposal on how to be successful in love and romance. It starts by showing why love fails to meet expectations, often ending sadly or even tragically.
