*Great Gardens of America* surveys some of the loveliest grounds in America and Canada, from the Atlantic to the Pacific, from Quebec to California, from the tropical Southeast to the industrial Midwest. The 25 gardens showcased range from 18th-century landscape gardens, such as Thomas Jefferson's Monticello in Virginia, through 20th-century creations, such as the lakeside garden at Innisfree in New York and dramatic Naumkeag in Massachusetts, to the work of exciting new designers, such as Topher Delaney in San Francisco and New Mexico's Martha Schwartz. Many of the gardens are open to the public, so readers can actually visit and draw firsthand inspiration. The others, newer domestic gardens, offer tantalizing glimpses into a glamorous world of luxurious outdoor living. Three hundred stunning color photographs by renowned garden photographer Andrea Jones accompany Tim Richardson's insightful text.
