Cincinnati Jewish Hospital has remained a beacon of service to the city for more than a century and a half. Although it always accepted patients regardless of their heritage or faith, the institution maintains its Jewish identity. Founded in 1850, the Hospital weathered depressions and wars while reflecting changes that occurred within the Jewish community and the city. Cincinnati's Jewish health professionals pioneered medical education, new treatments for polio and the introduction of new psychological treatments for children. Author Frederic Krome explores the fascinating history of the Cincinnati Jewish Hospital and the many contributions Cincinnati Jews made to the field of medicine.
