The Book of Common Prayer (Classic Reprint) Samuel Hart

Church a statement, in convenient form, of its Doctrine, Discipline and Worship as well as to meet the often expressed desire on the part of Examining Chaplains for textbooks which they could recommend to Candidates for Holy Orders. To satisfy, on the one hand, the demand of general readers among the clergy and laity, the books have been provided with numerous references to larger works, making them introductory in their nature; and on the other hand, to make them valuable for use in canonical examinations, they have been arranged according to the Canons of the Church which deal with that matter. It is the earnest hope of the collaborators in this series that the impartial scholarship and unbiased attitude adopted throughout, will commend themselves to Churchmen of all types, and that the books will therefore be accorded a general reception and adopted as far as possible as a norm for canonical examinations. The need of such a norm is well known to all. And finally a word to Examining Chaplains.
