El Renacimiento (Spanish Edition) Paul Johnson

Una visión amena del Renacimiento, sustentada por los comentarios de un prestigioso especialista en el tema

Conoce, a través de un relato sencillo y condensado, la historia de una de las corrientes artísticas más importantes de la humanidad.

El Renacimiento goza de un lugar especial en nuestro imaginario, y sus grandes héroes siguen siendo los nuestros: desde Miguel Ángel y Leonardo da Vinci hasta Dante y Chaucer. Este periodo, y la inmensa evolución en el pensamiento europeo que lo definió, hizo que Occidente transitará del Medievo a la Modernidad, y produjo una efusión insólita de creación artística.

Pero, ¿qué es el Renacimiento? Paul Johnson lo responde en esta obra maestra. Nos explica los avances económicos, tecnológicos y sociales que conformaron el telón de fondo de los logros de la época. También estudia la vida y obra de sus figuras más importantes.

Con una fuerza narrativa inusitada, *El Renacimiento. Una breve historia* es también una meditación universal acerca de las fuentes de innovación.
