There's something fascinating about spiders that captures children's imagination. This picture book will even fire up their curiosity about these crawlies as it features over 90 different types of Spiders from A to Z. Some of the spiders are well-known spiders while the other spiders are probably those that your kids haven't heard or seen before. There are beautiful pictures that accompany the descriptions and trivia of all the spiders presented in this book. While this book is created with young learners in mind, it is also an interesting read even for adults. It is a highly recommended book to learn more about different types of spiders.
