A History of the Supreme Court

the late Schwartz Bernard

A History of the Supreme Court the late Schwartz Bernard

When the first Supreme Court convened in 1790, it was so ill-esteemed that its justices frequently resigned in favor of other pursuits. John Rutledge stepped down as Associate Justice to become a state judge in South Carolina; John Jay resigned as Chief Justice to run for Governor of New York; and Alexander Hamilton declined to replace Jay, pursuing a private law practice instead. As Bernard Schwartz shows in this landmark history, the Supreme Court has indeed travelled a long and interesting journey to its current preeminent place in American life.

In *A History of the Supreme Court*, Schwartz provides the finest, most comprehensive one-volume narrative ever published of our highest court. With impeccable scholarship and a clear, engaging style, he tells the story of the justices and their jurisprudence--and the influence the Court has had on American politics and society. With a keen ability to explain complex legal issues for the nonspecialist, he takes us through both the great and the undistinguished Courts of our nation's history. He provides insight into our foremost justices, such as John Marshall (who established judicial review in *Marbury v. Madison*, an outstanding display of political calculation as well as fine jurisprudence), Roger Taney (whose legacy has been overshadowed by *Dred Scott v. Sanford*), Oliver Wendell Holmes, Louis Brandeis, Benjamin Cardozo, and others. He draws on evidence such as personal letters and interviews to show how the court has worked, weaving narrative details into deft discussions of the developments in constitutional law. Schwartz also examines the operations of the court: until 1935, it met in a small room under the Senate--so cramped that the judges had to put on their robes in full view of the spectators. But when the new building was finally opened, one justice called it "almost bombastically pretentious," and another asked, "What are we supposed to do, ride in on nine elephants?" He includes fascinating asides, on the debate in the first Court, for instance, over the use of English-style wigs and gowns (the decision: gowns, no wigs); and on the day Oliver Wendell Holmes announced his resignation--the same day that Earl Warren, as a California District Attorney, argued his first case before the Court. The author brings the story right up to the present day, offering balanced analyses of the pivotal Warren Court and the Rehnquist Court through 1992 (including, of course, the arrival of Clarence Thomas).

In addition, he includes four special chapters on watershed cases: *Dred Scott v. Sanford*, *Lochner v. New York*, *Brown v. Board of Education*, and *Roe v. Wade*. Schwartz not only analyzes the impact of each of these epoch-making cases, he takes us behind the scenes, drawing on all available evidence to show how the justices debated the cases and how they settled on their opinions.

Bernard Schwartz is one of the most highly regarded scholars of the Supreme Court, author of dozens of books on the law, and winner of the American Bar Association's Silver Gavel Award. In this remarkable account, he provides the definitive one-volume account of our nation's highest court.

Knowledge or facts that you take for that, you can give for each other; you are able to share all of these. Book A History of the Supreme Court has simple shape but you know: it has great and large function for you. You can seem the enormous world by open and read a reserve. So it is very wonderful.

Irvin Ashbaugh:

The feeling that you get from A History of the Supreme Court could be the more deep you rooting the information that hide into the words the more you get considering reading it. It doesn't mean that this book is hard to comprehend but A History of the Supreme Court giving you joy feeling of reading. The article author conveys their point in particular way that can be understood by means of anyone who read that because the author of this reserve is well-known enough. This specific book also makes your own vocabulary increase well. Making it easy to understand then can go along with you, both in printed or e-book style are available. We highly recommend you for having this kind of A History of the Supreme Court instantly.

Allen Green:

As a scholar exactly feel bored to reading. If their teacher expected them to go to the library or even make summary for some publication, they are complained. Just little students that has reading's spirit or real their leisure activity. They just do what the educator want, like asked to the library. They go to at this time there but nothing reading significantly. Any students feel that reading through is not important, boring as well as can't see colorful images on there. Yeah, it is to get complicated. Book is very important to suit your needs. As we know that on this period of time, many ways to get whatever we really wish for. Likewise word says, ways to reach Chinese's country. Therefore this A History of the Supreme Court can make you feel more interested to read.
