Zen and the Art of Mixing: REV 2 Mixerman

(Technical Reference). Here, in a replica of a recently exhumed tome (miraculously preserved within the chassis of a Sound Tools rig at the bottom of the La Brea Tar Pits), we present Mixerman's philosophies on the art of mixing. Well known for his hilarious exploits in *The Daily Adventures of Mixerman*, the author now provides his tactical reasoning without the colored lens of absurdist big-label disasters. In Rev 2, Mixerman distills a successful mixing career's worth of lessons and realizations into understandable and sensible terms for both enthusiastic musician and professional technician alike. This enhanced multimedia edition brings mixers deeper into the concepts covered in the text. In nearly two hours of video clips, Mixerman provides invaluable insight into the various aspects of mixing: creating the rough mix, EQ, parallel compression, automation, and more. As Mixerman points out, "If you change how you think about mixing, you'll be well on your way to learning how to mix." This new edition features an updated "Gear" chapter.
